OUR SERVICES

我们的服务

Supply Program

CUMIC has many years of experience in steel trade industry. We have established a long-term cooperative relationship with over 100 mills making our supply steady and reliable. On this basis, we provide well-directed supply program for customers. First is to establish a unified order in connection with common customer demand in different markets to form scale procurement advantage and lower procurement costs; second, optimal supplier and cooperative partner are selected from many supplier mills to lower procurement costs; third, optimized supply combination is conducted in accordance with single customer demand order and combining advantages of different supplier mills to lower order procurement costs.

供应方案

中联物产在钢铁贸易行业拥有多年丰富的从业经验；与我们建立长期合作关系的工厂超过200家，供应稳健、可靠。在此基础上，我们为客户提供针对性的供应方案，一是针对不同市场的客户共性需求，汇集成一订单，形成规模采购优势，降低采购成本；二是在多家供应工厂中选择最优供应方，最优化合作选择，降低采购成本；三是针对单一客户需求订单，根据不同供应工厂的优势组合进行可能的组合供应，降低订单采购成本。

Quality Control

Prior to production, we communicate with customers on information comprehensively to specify product application, standard and special requirements on quality and size and enter them into strict agreement with production mill accordingly to implement production. In the process of production, we supervise production process of mills and conduct sampling inspection on surface and internal quality of products. Prior to shipment, we engage internationally known third party inspection organizations, such as SGS, BV, Intertek, to carry out strict quality inspection, and recheck product appearance, dimensions and quantity, and supervise hoisting, binding and securing to guarantee that the delivered products fulfill requirements of customers.

质量控制

在生产之前，我们将与客户进行全面的沟通，以明确产品的用途、标准以及对于质量、尺寸的特殊要求，并据此与生产工厂签署严格的协议以落实生产。在生产期间，我们将监督工厂生产流程，对产品表面质量、内部质量进行抽检。在产品装运前，我们聘请国际知名第三方检测机构，如SGS、BV、Intertek等，进行严格的质量检测，并再次检验产品外观、尺寸、数量，并对吊装、捆扎加固等情况进行监督，以保证送达客户手中的产品满足客户的要求。

Logistics Support

We provide transportation service including container, break bulk, air transport, rail transport, warehousing, and international combined transport, and design reasonable transportation method in connection with customer demand and cargo characteristics and with comprehensive consideration on safety measures such as lashing, securing, and stowage.

We also maintain good cooperative relationship with mainstream ship owners, ports, shipping agents and insurance companies for major shipping lines, bring on-time transportation guarantee and price advantage in logistics through scale effect and long-term steady cargo transportation demands, and provide safe, efficient, comprehensive logistics services at a lower price.

物流支持
